Introduction

> There was a recent change in how groups and app access it defined meaning that some services are no longer accessible with default groups.

Services

Most of the services provided on this site.

Note: For security and misuse prevention some services require special OIDC Groups. If you want access please contact me.

Auth (id.jap.li)

OIDC provider. Used as login provider for all other services. Note that in other parts of the system it's referred to as JAPID or in some cases PID (PID was the old name)

JAPID has "Open Registration" but that will only grant you access to the public apps or 3rd party apps from TeamNULL. For access to restricted apps (Git, Draw, etc...) you must contact me first.

Forgejo (git.jap.li)

> **Required OIDC Group:** `Git`

> **Note:** Registration is disabled. If you want an account please contact me.

Main git instance.

Notes (notes.jap.li)

> **Required OIDC Group:** `Notes`

> **Note:** Registration is disabled. If you want an account please contact me.

Forgejo baset note server. Intended for GIT powered note apps like NoteHub or GitJournal.

This instance only supports HTTP repos and its very limited as its only meant for note taking. (No migrations, 4repos, only code unit, etc..)

Memos (memos.jap.li)

DISCONTINUED! Service is no longer available!

Required OIDC Group: `Memos`

Alternative note app/social network.

Documents (doc.jap.li)

> **Required OIDC Group:** `Documents`

Document server.

Shortlinks (jap.li) (WIP)

Excalidraw (draw.jap.li)

> **THIS IS STILL IN BETA!** Please regularly backup all your excalidraw projects and don't store any personal information!

> **Required OIDC Group:** `ExcaliDash`

Self-hosted Excalidraw server powered by ExcaliDash.

Kanboard (projects.jap.li)
